and Gone to Hallfax. At midday yesterday Col. Isaac Martin and Mrs. Kate Macomber were married at the residence of ien, Albert Ordway, No. 1509 Twentieth street northwest, in the presence of a number of the intimate friends of the contracting parties. It had presence of a number of the intimate friends of the contracting parties. It had been intended that the wedding should be private, which accounts for the few present. The pariers were beautifully decorated, the bridge and groom standing under a marriage bell in the spacious bay window. The bridge and groom standing under a marriage bell in the spacious bay window. Chief Parris, of the fire department, yesterday submitted the following to the com-missioners: "In going to fires in case of an missioners: "In going to fires in case of an alarm the progress of the apparatus of this department is frequently impeded by vehicles and pedestrians, who seem to be ignorant of or disregard the law giving the apparatus of the fire department the right of way in going to fires, and who obstruct the streets by either keeping in the way of the apparatus or racing with the same, thereby endangering not only their keeping had been and ehicles, but also the apparatus of this department and the lives of the men, and I respectfully recommend that the police be instructed to clear the streets, and especially the crossings, whenever our apparatus is proceeding to a fire. I would further suggest that the major and superintendent of police be requested to again call the attention of the members of his department of general order No. 54, issued by Maj. W. McE. Dye in May, 1884, in regard to keeping the vicinity of houses on fire clear of persons not connected with this department, which has never been strictly enforced, and to instruct the members of his department not to permit citizens to drive over fire hose."

Ove farmers will rejoice to learn that it has at last been decided that bees do not injure grapes, that neglected colds do unspeakable injury, and that no better remedy can be secured than Dr. Bull's Cough syrup.

Cook has submitted to the commissioners a report of all receipts on commissioners a report of all receipts on account of taxes, \$1,340,834.51; personal follows: Realty tax, \$1,340,834.51; personal tax, \$150,058.18; arrears, realty, \$198,470.54; personal; \$9,948.74; penalties or arrears, \$43,355.42; advertising arrears, \$3,562.09; arrears of the corporation, \$1,890.55; special taxes, \$13,448.25; Washington redemption fund, \$583.52; water fund, \$170,011.95; licenses, \$156,293.67; dog tax, \$14,124.09; fees, \$6,582.75; market rents, \$17,200.46; police court fines, \$37,943.53; building permits, \$8,571; miscellaneous, \$9,495.39. FORMERLY physicians confounded rheumatism with gout, but they are now known to be distinct diseases. Rheumatism attacks every age, gout only adults. But whether you may have to cope with the one or the other, Salvation Oil will be found equally afficacious. It kills pain. Price, 25 cents a bottle.

Pardon Granted and Refused. R. Porter Lee, who was sentenced to be confined in the penitentiary at the city of Buffalo for a term of ten years, in 1882, for Buffalo for a term of ten years, in 1882, for embezzling the funds of the First National bank at Buffalo while he was president thereof, has been pardoned by the President. He also pardoned William Wattson, now confined in prison in California for dangerously beating a sailor. The President has denied the application for a pardon for James Milton, who is now undergoing sentence for demanding and retaining an excessive fee for prosecuting a pension.

Health Is Wealth.

And not only is health wealth, but far better then wealth. Lost wealth can be regained; lost health very seldom. No man can be absolutely sure of the retention of his worldly estate, so many are the vicesitudes of fortune; and when wealth is gone it can't be regained by a sick man. Moral—Keep up your health at all events. Keep your nervous system up to the mark. The man with fron nerve can do anything. Dr. Henley's Celery, Reef, and Iron is the thing to supply both body and brain power.

The President Approves.

The President has approved the act providing for the establishment of judicial districts in Montana territory; the acts districts in Montana territory; the acts making additional appropriations for the public buildings at Keokuk, Iowa, and Williamsport, Pa.; the act providing for the establishment of additional light houses and fog signals; the act providing for a bridge across the Missouri river near St. Joseph, Mo.; the act declaring forfeited certain grants of lands for railroad purposes in the states of Mississippi, Alabama, and Louisiana.

Men and Women

Who are constantly nervous are, in nineteen cases out of twenty, dyspeptic. The twentieth case will be found, upon investigation, to be that of a person who is troubled with symptoms of indigestion. Thinness, unmatural anxiety, peevisiness, buzzing in the ears, a disposition to start on the midden closing of a door, tremulousness of the hands—more particularly of the right—show that the nerves are weak and unsteady. Hostetter's Blomach Ritters strengthens and quiets the nerves. This effect is a speedy consequence of its invigorating and regulation action upon the organs of digestion and assimilation. It on riches the blood, conquers a chronic tendency to bill-unsness, relieves sick and nervous head-aches, and regulates the bowels without gripting thus. A more trustworthy defense against fever and ague does not exist, and it subduces a tendency to rhoumatism, kidney and bladder derangement. Taken before retiring, it induces sound repose. Officers Right to Shoot. Judge Snell yesterday stated in open court that he had made a very moderate statement in regard to an officer's right to statement in regard to an officer's right to shoot an escaping prisoner. He opposed hasty or unnecessary use of weapons in making arrests. The judge quoted Bishop in his criminal procedure in which he says: "When the arrest has been actually made whether for felony or misdemeanor, if the accused person attempts to break away he may be killed to prevent it, provided this extreme measure is necessary."

Er. Jacons Ott. positively cures rhoumatism, neuralgia, and other bodily pains.

Postal Regulations Amended.
The postal regulations have been amended by the Postmaster General so as to permit the transmission through the mails of liquids not liable to explosion or spontaneous combustion, or lightion by shock or jar, and not inflammable; soft scap, pastes, or confectious, cintiments, salves, and articles of similar consistency, under certain conditions insuring safety to other mail matter in transmission.

TWO COWS HELD IN DISPUTE. Judge Snell Settles the Ownership

with Expedition. Felix Quander, an old colored man, was tried in the police court yesterday, charged with stealing two cows belonging to E. M. Hewlitt. The complainant stated that Quander gave him the cows for a fee. This Quander denied, saying that he never sutherized any one to take the cows from his place. Judge Sheil dismissed the case, and, while Mr. Hewlitt was endeavoring and, while Mr. Hewlitt was endeavoring at the police court to see how he could lay hold of the animals, Quander drove the cows away. Hewlitt went to police head-quarters and wanted to know why the police didn't take the cows and hold them until the question was settled. The police told him they did not hold cows until properly ordered.

A WOMAN'S
GRATITUDE.

I had used Dr. Pierce's 'Favorito Prescription' one week, I could walk all over the door-yard, and I could get into a wagon and ride two miles to see my neighbors. I had not been able to walk the 'Favorite Prescription' two weeks, I rode in a wagon ten miles; my neighbors were all surprised to see me up and going about and helping to do my housework, after doctoring with thirteen of the best physicians we could get to do my housework after doctoring with thirteen of the best physicians we could get to do my housework after doctoring with thirteen of the best physicians we could get to do my housework after doctoring with thirteen of the best physicians we could get to do my housework after doctoring with the last one told my husband that I would never be able to do my housework any more. I am thankful to my God that I wrote to you, for I had suffered from 'Female Weakness' until I had almost given up in despair."

TERRIBLE
PAIN.

Mrs. F. E. WILCOX, Friendship, N. Y., writes:
"For five or six years I had been badly troubled with female weakness and terrible pains across the small of my back and pit of the stomach. Three bottles of Dr. Pierce's 'Favorite Prescription' acted like a charm, and cured me completely, to my great joy."

MARVELOUS

BENEFITS.

"I wish, in this letter, to express my gratitude for Mrs. Davis and myself for the great good which has been accomplished in her case by the use of your proprietary medicines. When she began to take them, in January last, she could not endould stay up only about thirty minutes at a time, and could stay up only about thirty minutes at a time. Now she not only sits up almost the entire day, but can walk around, call on her neighbors, two and three blocks sway, and not feel any injurious effects at all. When we consider that she had kept her bed the greater part of the time for four-metal them. The months, and would lose repeatedly the advance she had made, her progress now seems in medical practitioners, and advertised remedies, but have found in your. Dr. Pierce's "Bayorite Prescription" and "Peliets" the complete and final recovery."

Mrs. E. F. Mongan, of Newcastle, Lincoln Co., Maine, says: "Five years ago I was a dreadful sufferer from uterine troubles. Having exhausted the skill of three physicians, I was completely discouraged, and so weak I could with difficulty cross the room alone. I began taking Dr. Pierce's 'Favorite Prescription' and using the local treatment recommended in his 'Common Sense Medical Adviser.' I commenced to improve at once. In three months I was perfectly cured, and have had no trouble since. I wrote a letter to my family paper, briefly mentioning how my health had been restored, and offering to send the full particulars to any one writing the for them, and inclosing a stamped envelope for reply. I have received second letters of thanks, stating that they had commenced the use of 'Favorite Prescription,' had sent the \$1.50 required for the 'Medical Advisor,' and had applied the local treatment so fully and plainly laid down therein, and were much better already."
